NCA Policy linkages: Climate, Water and Biodiversity

Climate regulation and Land use (future proofing)

- **National policy issue:** Acceleration of the National Response to Reducing Greenhouse Gas Emissions, Climate Mitigation and Adaptation; Changes in Land Use and Land Cover; Common Agricultural Policy (75% Ireland agri)

Integrated Catchment Management and WFD reporting;

- **National (EU) policy issue:** Restore and Protect Water Quality

Biodiversity – building healthy, resilient ecosystems

- **National policy issue:** Nature and Wild Places; **EU:** Restoration targets under EU Biodiversity Strategy for 2030

Language matters – learning collectively
